Green Technology

Iran Petrochemical Forum

Brief Introduction of IPF

The National Iranian Petrochemical Co. (NIPC) is pleased to extend a cordial invitation to all parties and distinguished members of the petrochemical industry for the upcoming 15th Iran Petrochemical Forum (IPF).

This prestigious event is scheduled to take place in Tehran, Iran, on August 4 and 5, 2024.

Key Highlights of the Forum:

- **Main Approach:** All of the IPF sessions is seeking to "Bring the world of petrochemicals together".
- **Networking Opportunities:** The IPF provides a unique platform for experts, stakeholders, and industry leaders to connect, collaborate, and foster meaningful relationships.
- **Insight Sharing:** Participants will have the chance to share valuable insights, exchange ideas, and explore potential collaborations.
- **Showcasing Innovations:** Local and international petrochemical companies will unveil their latest development plans, cutting-edge processes, and technological advancements.
- **Diverse Topics:** Our esteemed panel of petrochemical specialists will engage in discussions covering a wide spectrum of subjects, including equipment production, catalysts, chemicals, and efficient project management solutions.
- **Bilingual Format:** The Forum will be conducted in both Farsi and English, with professional simultaneous interpretation services available.
- **Conference Materials:** All conference materials, including presentations and documentation, will be provided in English.
